NOTES FOR THE TEACHER:

Transcript:

exemple	Ma tante a deux chats et trois poissons.
1	Louise a trois chiens et quatre oiseaux.
2	Nolan et Yanis ont cinq lapins et six souris.
3	J'ai trois tortues, deux cochons d'Inde et huit souris.
4	Mon cousin Arthur a deux hamsters, cinq tortues et quatre chats.
5	Madame Barbier a beaucoup d'animaux de compagnie : elle a dix chiens, neuf lapins et douze poissons.

Once you have finished the listening and checked the answers, you could ask children to write in French how many of each pet each person has, thus practising their knowledge of the plural form.

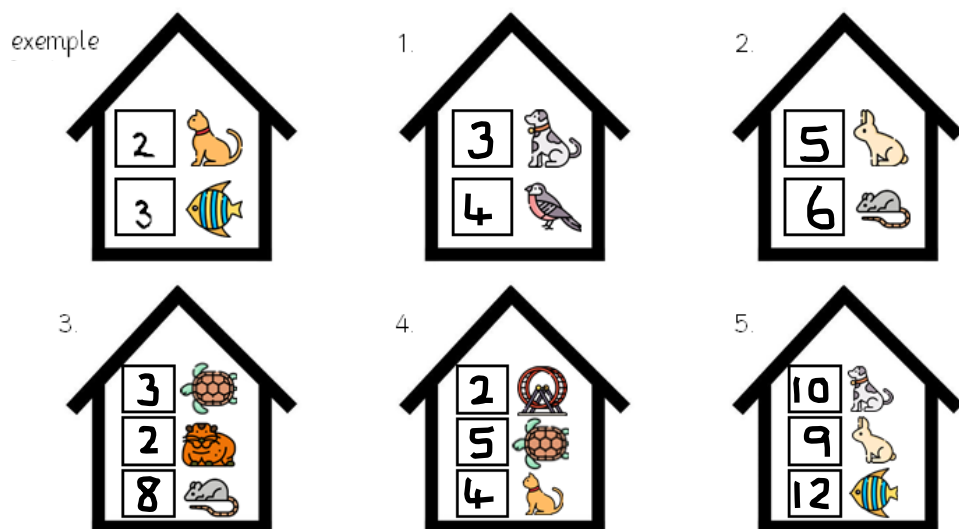

e.g. no.1:

trois chiens et quatre oiseaux
