### The days of the week and the months of the year (I)

- The first exercise practises the spelling of the days of the week. Students unmix the anagrams and write in the correct spellings of the days of the week.
- The second exercise practises the spelling of the months of the year. Students use the code to write in the correct spelling of the months.

Answers:

|           |         |

octubre

### The days of the week and the months of the year (II)

- The first exercise will involve a certain amount of research for students. They write in the month in which each of these events occurs.
- The wordsearch in the second exercise contains a number of days and months. The number of words to find is deliberately not specified - a competitive element could be introduced here.

Answers:

1. enero
2. (student own choice)
3. octubre
4. diciembre
5. enero
6. abril
7. febrero
8. diciembre
9. diciembre
10. julio
11. noviembre
12. (student own choice)
