## NOTE FOR THE TEACHER:

Fidji, Samoa and Tonga take *les* as their article, as seen in this Wikipedia article - [https://fr.wikipedia.org/wiki/G%C3%A9ographie\\_des\\_Fidji](https://fr.wikipedia.org/wiki/G%C3%A9ographie_des_Fidji) and also on [www.wordreference.com](http://www.wordreference.com). This is because the countries are groups of islands - *les îles de Fidji* etc.
